

Rotunda

Elegant freeform sculptured border provides the perfect frame to glue your 16mm cabochon onto this three-strand clasp. Intricate detail adds dimension with contrasting polished and textured finish.

Select from our assortment of 16mm cabochons or use your own. Buy what you need or keep a variety of cabochons and clasps on hand so you can design when you're inspired.

Available in two nickel-free plated finishes: gold and rhodium.

press-n-pull lever is secure & easy to open

Careful clipping changes three strands into one

Coordinating beads complete your masterpiece

An elegant connection for multiple strands

Clasp style: Rotunda
Skill level: easy
Time approx: 5 minutes
Items to glue: 1

Approx. size: 32x18x16mm
Strands: 3
Nickel-free plated finishes:
• rhodium
• gold

Cabochon needed:

QTY	SIZE	SHAPE	STYLE #
1	16mm	round	cabochon (flatback, no bevel edges)

Tools needed:

- 2-part all purpose 5-minute epoxy, clear drying

How to:

- Remove lever to avoid glue dripping on it through the holes.
- Mix glue per instructions, apply to base of clasp (not on cabochon).
- Set cabochon and adjust to make sure it is seated in the correct position.

Helpful hints:

- Rough up the bottom of the cabochon using a jeweler's file or emery board to remove high spots and provide better adhesion of glue.
- If you get glue on the clasp or cabochon, dampen (squeeze out all excess) a Q-tip in isopropyl alcohol to remove. This only works if the glue has not fully set.
